

We are modernizing our popular BuyLocalNB.ca website and we want to include you!

The Conservation Council of New Brunswick and partners are in the process of updating and relaunching the BuyLocalNB database and website. In order to make it easier for us to include an updated inventory of NB producers, and for New Brunswickers to find products, we have set up this form to collect information as it will be organized on the website. We would appreciate it if you could take a few minutes to fill out the information below.

*This form is tailored for restaurants, grocers, markets, and other retail locations

Business Name	Contact Person(s)
Location (full address)	
Email	Telephone
Website	County

Do you carry certified organic products? Yes No

Below please give a brief description of your business. This will be used on the website. It should give the reader a sense of the values of your operation but should not include your product listing. 150 word max.

We have categorized all the products we currently have in our database. To make it easier for you to update your product list, please mark the products below that you provide at your business:

On your business profile there will be a space to list where your locally sourced products come from. Please list the farms/businesses from which you purchase. You may also give us a more specific listing of the products you purchase from them if you would like. (Ex: If you circled 'cheese' above, you might want to provide a list of the types of cheeses that you offer. If you circled 'other vegetables' you might want to elaborate on what rare or special vegetables you offer, here). Your product list may be long; you may attach a separate document if necessary.

On the new website there will also be a spot on your profile for a photo that represents your business. If you would like to supply us with this photo please send to homegrown@conservationcouncil.ca with the name of the business as the subject line or file name. If we do not have a photo specific to your business we will use a generic photo.

Are you interested in an advertising opportunity for your business on this popular online directory?

YES NO If yes, we will contact you to talk about this opportunity.

CCNB and partners thank you so much for your time to help us update our farm, business and product inventory. We anticipate that our modernized online database and website will be relaunched this spring. We are so excited! Our BuyLocal NB campaign has played a vital role in the local food movement that is in full swing and that is all thanks to you and your dedication to keeping it local! If you want to speak more about our initiative, please get in touch with us at homegrown@conservationcouncil.ca.
